THE DIOMED ANARCHISTS.

Spies Determined to Commit Suicide

old

But Thinks Better of It and Begs Clemency.

As do also Fielden and Schwab.

CHICAGO, Nov. 3. A rumor was current last night that Spies, the Anarchist, had determined to commit suicide rather than die on the gallows. There are Anarchists in Chicago who declare Spies will never be hanged. They agree that no earthly power can avail but stoutly maintain that their leader will cheat the gallows. The intelligence has been communicated to the authorities.

Mrs. Parsons Selling a Pamphlet.
Mrs. Lucy Parsons, wife of the condemned Anarchist, created a sensation today by appearing at a public meeting in support of her husband. She was surrounded by a large crowd and was told by the Deputy Marshal to move on. She obeyed and continued her march. She was surrounded by a large crowd and was told by the Deputy Marshal to move on. She obeyed and continued her march.

Will Not Commit Suicide Nor Plead Insanity.
Capt. Black and L. S. Oliver held this morning a half hour conference with the seven condemned anarchists, but refused to make public the matter discussed. He said he expected to go to Springfield with an amnesty petition Monday night. He said the men would be tried to commit suicide nor would they plead insanity to an application for writ of habeas corpus.

Legging for Clemency.
August Spies, Samuel Fielden and Nicholas Michaelis, all signed a petition today begging the Governor to commute their sentences. These three are the only ones who have not written to the Governor that they would not accept clemency. The signatures of Fielden and Schwab were secured by Capt. Black and L. D. Oliver at a conference. All sorts of entreaties were made by the men to the Governor, but he refused. Also Engel, Lingg, Fischer and Parsons. At 3.30 P. M.

The Petitions were Brought to the Jail
by Dr. Schmitt, Alderman Stauber and a number of persons, with permission from the sheriff to confer with the condemned men. George Schilling arrived late and joined the party. It was plain Spies had weakened. He signed a petition to commute his sentence. He said he was tired of the trial and wanted to go home. He said he was tired of the trial and wanted to go home.

AN IN FERNAL M. JUNE

Sent to Chief Justice Walcott.

The Affair Believed to Be a Hoax.

WASHINGTON, Nov. 3. An attempt was made this evening to blow up Chief Justice Walcott with an infernal machine delivered to him at 8.30 P. M. Special Police Messenger Joseph F. Hickey. It was an ordinary white box, of the kind in which valentines are sent and printed on one end, "Boastful of Tennyson." On the cover it was addressed: "To Hon. Chief Justice Walcott, 1415 I Street, N. W." Near the bottom were the words, "Important papers," "undecoded." The thing enclosed was a glass tube.

Was a Glass Tube
ten inches long, the diameter of a lead pencil, and contained a jet black liquid. About one and one-half inches from the end was a percussion cap, separating the liquid from little more than an inch of powder. At the other end of the powder was another percussion cap, and to this was attached a wire which was apparently intended to explode the tube. The wire was fastened to a small metal band, fastened to one side of the box. Another wire ran from the rubber to a hook and eye, held in place by a pin.

THE TUBE
If the machine was really what it seems the raising of the lid would have exploded it before it reached the Justice's house. The box was stamped on one side by a post office employee and the force by which the blow was struck caused the wire to slip through the hook and eye, the securing the necessary connection. It is suspected that the whole thing is a hoax.

PENOBSCOT COUNTY EDUCATIONAL ASSOCIATION.
The annual meeting of the Penobscot County Educational Association will be held to-day and to-morrow at Hampden, in the Town Hall. The programme for the meeting will be found in another column. Steamers Isma and L. E. Buttercup will sail to Hampden and return early, leaving for Bangor at 9 A. M. Some of the teachers from this city will make the trip to Hampden in a large. The meeting will undoubtedly prove very interesting to the large number of teachers who are expected to be present, and the papers which are to be read and the discussions will be profitable and entertaining.

AN IMPORTANT CHANGE.
An important change was announced yesterday in the future plans of one of Bangor's ablest and most esteemed teachers, which will result in depriving our children of the valuable services of one of the best teachers our Bangor schools have ever had, and one whose loss will be much felt. Miss Mary A. Snow, Principal of the Union Square grammar school yesterday resigned her position, having decided to enter upon mercantile life, and having purchased the stock of Jacob Stern & Co. with a view to making that her future business. Miss Snow will bring to her new relation in life the same energy and ability which have combined to make her so successful a teacher, and which, we believe, will make her equally successful in her new field, and to this end she will have the best wishes of a host of friends.

THE FUNERAL OF MAMIE E. COUSINS.
A very large number of the friends and acquaintances of the late Mamie Cousins attended her funeral, which occurred yesterday afternoon at half-past two o'clock. The floral arrangements were remarkable for the profusion and elegance of the contributions of friends, the lower flowers in vases and exquisite designs, her classmates in school and Sunday school contributing several. Rev. Messrs. E. E. Peck and Amory Buttle conducted the services most feelingly and impressively and beautiful selections were sung by a quartette consisting of Miss Merrill, Mrs. F. D. Pullen, and Messrs. A. C. Morton and George S. Farrington. At the grave the arrangements were most complete and the grave was made a bower of roses and rare flowers, deftly arranged by loving hands. Messrs. S. H. Boardman, Charles Pearson, Percy Smith, George Mansur, Frank Wiggin and Percy W. J. Lander officiated as bearers and the entire arrangement was under the direction of Col. C. V. Crossman.

HAMPDEN GRANGE.
A correspondent writes: Hampden Grange, No. 270, held an entertainment at the Town Hall last Tuesday evening. More than two hundred people were present, who after listening to a very interesting programme prepared by the Grange, were informed that supper was ready in the Masonic dining hall above, where more than one hundred and fifty partook of an excellent supper. While the first tables were being served the main hall was cleared of the seats and the young people engaged themselves in the amusement of the evening which was continued until the worthy overseer declared the time "closed." A number who were to take part in the exercises were unavoidably absent, among whom was the W. M. However, a new programme was prepared for the evening and the newly appointed members did themselves much credit in the rendering of their selections. Hampden Grange has extended an invitation to the County Grange to meet with them in November when they intend to give the County Grange a special entertainment at all seasons of the year.

Y. M. C. A. OF GREENVILLE.
The Young Men's Christian Association of Greenville is fitting up new rooms for their accommodation. They have taken the second story of Mr. Sawyer's shop, on the lake, known then into one "good sized, well lighted hall, kiosk, the ceiling, painted the walls and put in tables, etc., making the room neat, comfortable and convenient. The Ladies' Auxiliary are taking up the matter, and under the supervision of the young men, will have quarters which will prove most attractive during the coming winter months, and will be ready to receive the County Grange at all seasons of the year.

Another Valuable Gift.
Mrs. Anna B. Goodwin, of Bangor, has bought of Mrs. Dr. Torrington, about one-third of an acre of land on Peak's Island, and presented it to the Fifth Maine Regiment Association. The lot is on the shore directly opposite White Horse Point, the island of the most beautiful spots on the island. The association has been under many obligations to Mrs. Goodwin for valuable gifts in the past, but this will be appreciated more than anything she has given. The association had obtained the refusal of the lot and were taking measures to raise the money to pay for it, when Mrs. Goodwin generously presented them with a deed of it.

Mrs. Goodwin is the widow of Lewis B. Goodwin who went out as Captain of Company B, Fifth Maine Volunteers, and received injuries in the first battle of Ball's Bluff from which he never recovered.
Captain Goodwin was the most estimable of men and was loved by all his comrades. The lot on Peak's Island will be named "The lot on Peak's Island" in honor of his memory. The association will take measures to erect a cottage on the lot the coming spring.
